	Boys	87.80	80.00	80.50	97.67	88.82	106.71	84.18	88.29
	Total	86.58	86.54	90.20	84.11	88.68	92.88	90.68	98.00

Source: Education Planning Department; Statistical Office, DEPS

Notes:

¹Comprises of enrolment in both Government and Private Primary Schools.

²The number of 4 to 14 years girls (boys) enrolled in primary education, divided by the total population of girls (boys) in that age group, time 100. This indicator is therefore affected by the overall sex composition of the population in the age group considered.

³Number of girls (boys) completing Fourth Grade (or reaching Grade Five) of the primary stage as a proportion of the number of girls (boys) in the first primary grade (Grade One), four years previously.

Ratio of Girls to Boys in Primary, Secondary and Tertiary Education, 1998/99-2005/06

Indicator	1998/99	1999/00	2000/01	2001/02	2002/03	2003/04	2004/05	2005/06
Ratio of Girls to Boys in:								
Primary Education	1.01	1.03	0.95	0.89	0.97	0.97	0.99	0.98
Secondary Education	1.04	1.10	1.14	0.96	0.97	0.96	0.92	0.91
Tertiary Education¹	1.94	...	2.06	3.02
